Wellington Improved Egg Food

is different than other foods. It is not a stimulant but a genuine food tonic which builds up the system of the fowls, helps them digest their regular feed and get more good out of it. It is not a whip that lashes your fowls to extra exertion at the expense of their health, but a constant and gentle every day help that does permanent good.

Costs about 1 cent a day for 24 hens.

FOR SALE AT GROCERS, FEED STORES, and general supply houses, but if you cannot get it at your dealers send us his name and address and 25 cents and we will send you, prepaid, a package that will last a dozen hens 6 weeks and our book on feeding. Send for our Book on Feeding, anyway. Free upon request.

Something Wanted.

A bachelor, old and cranky, was sitting alone in his room. His toes with the gout were aching, and his face was o'erspread with gloom, no little ones' shouts to disturb him—from noises the house was free. In fact, from cellar to attic 'twas as still as still could be. No medical aid was lacking; his servants answered his ring, respectfuliy answered his orders and supplied him with everything. But still there was something wanted, which he could not command—the kindly words of compassion, the touch of a gentle hand. And he said, as his brow grew darker and he rang for the hireling nurse, "Well, marriage may be a failure, but this is a jolly sight worse."

A Water Candlestick.

A glass of water makes a fine emergency candlestick. Weight one end of the candle with a nail just large enough to hold the candle in the water so that the water touches its top edge, but does not touch the wick, and then light the candle. It will burn until the last vestige of wick is gone and the flame will not flicker. The melted tallow that runs down but serves to hold the candle more stationary.

A NIGHTMARE

Gives point to the fact that excessive or irregular eating disturbs the digestion. Nightmare or night hag has its day time correspondence in the undue fullness after eating, with the belchings and sour or bitter rising so often experienced after too hasty or too hearty eating.

Dr. Pierce's Golden Medical Discovery cures dyspepsia or bad stomach. When the weak stomach is strengthened and invigorated the whole body shares in the increased strength derived from food properly digested and perfectly assimilated.

"I was a victim of sleeplessness and extreme nervousness induced by chronic indigestion and I felt heavy, tired and worn out continually," writes Miss Mary Smith, of 1613 No. Wabasteh Street, Colorado Springs, Colo. "Dr. Pierce's Golden Medical Discovery was the only medicine which relieved me. Within a week after I began using it that heavy oppressed feeling after meals had left me, and I found that I was able to sleep better than for months previously. My appetite was gradually restored, general system was toned up, nervousness became a thing of the past and I have now been in splendid health for over nine months."

Sometimes a selfish dealer tempted by the little more profit paid on the sale of less meritorious medicines will offer the customer a substitute as being "just as good" as the "Discovery." It may be better for him because it pays better, but it is not as good for you, if you want the medicine that has cured others, and which you believe will cure you.

GAME AND FISH LAW CHANGES

The new game bills have been signed by Governor Pardee and are now in effect as part of the statute law of this State.

In the main both bills are generally acceptable to sportsmen. The open season on ducks, quail, rail, curlew, plover or other shore birds, is as before other changes, four months, October 15 to February 15, the limit bag on ducks is still 50 birds and this variety of birds is not on the non-sale list. The limit on quail, doves and snipe (and all shore birds) is now 25 and the sale of either is prohibited. A close season on snipe prevails from April 1 until October 15. This regard, particularly the protection that is given to English snipe, as one of the best feature in Assembly Bill 820. The season on deer is cut down to two and one-half months and the limit is two bucks for one season instead of three.

The bill making it a felony to kill an elk was also signed by the Governor.

The section of the Penal Code heretofore supposedto control the action of the duck netting fishermen has been amended so that the possession of game which shows the appearance of illegal cvpture is prima facie evidence of law violation.

In the fish bill changes it will be seen that the close season in shrimp has been taken off—a measure that has received as much condemnation as the provision prohibiting the exportation of shrimp has been commended.

The open season for black bass has been increased one month—January 1 to June 1 being now the close period.

The limit on size on striped bass is still three pounds.

The use of nets on all streams upon which a fish hatchery is maintained is prohibited.

The open and close season on steelhead and other varieties of trout have not been changed. A limit, however, is placed on a day's catch, 50 trout—or "who has in his possession, during any one calendar day, trout other than steel head trout the total weight of which exceeds 25 pounds," whatever this may mean.

The taking of trout by any other means other than hook and line is prohibited. This will or should stop netting and spearing and is one of the most important features in the new bill. Trout less than one pound in weight are on the non-sale list.

From Chicago comes the report of a serious revolt in the rank of the Daughters of the American Revolution. The blood of their forebears tingles in the veins of the daughters, and the latter are ready for any patriotic act except throwing tea overboard.

GOVERNOR DID NOT SIGN THE STATE LIQUOR LAW.

Since adjournment of the Legislature much uneasiness has been manifested among the liquor dealers of the State over the report that Governor Pardee had signed a bill imposing a State license of $50 per year on all saloons throughout the State. The fact of the matter is the Governor did not sign the bill. The Assemblyman from this county has received assurance from the Governor to this effect, and that ends it.

ORDINANCE NO. 196.

AN ORDINANCE GRANTING TO THE San Mateo Power Company, the right to construct, maintain and use, for the period of eighteen months, a private railroad track of standard guage, across the San Bruno Road.

The Board of Supervisors of the County of San Mateo, do ordain as follows:

SECTION 1.

The right, privilege and license of constructing a steam railroad of standard guage across the San Bruno Road in the County of San Mateo, at a place distant seven hundred feet, or thereabouts, southerly from the southerly line of Walbridge Avenue, and of maintaining and using the same for the period of eighteen months from the enactment of this ordinance as a private railroad for the transportation of building material, machinery and other articles and things belonging to the grantee, is hereby granted to the San Mateo Power Company, subject to the conditions hereinafter in this ordinance contained.

SECTION II.

Said railroad shall be constructed by the said Company in the most approved manner, and in such a way as not to cause any unnecessary or unreasonable obstruction of the said road or interference with the use thereof as a highway. The said railroad shall be constructed on a level with the said road at the place of crossing, and the said Company shall, upon the construction of the said railroad, restore the said road at the place of crossing to the same condition as that in which the same now is. At the expiration of the period for which the said privilege is granted, the said Company at its own expense, shall remove the said railroad and repair all damage in any manner done or caused to said road.

SECTION III.

The franchise and privilege hereby granted, is so granted, and is to be held, subject to all the ordinances, resolutions, and orders of said Board of Supervisors now, in existence or which may be hereafter passed regulating the subject-matter of this ordinance.

SECTION IV.

This grant or privilege to the San Mateo Power Company is made upon the condition that the said Company shall, within ten days after the passage of this ordinance, file with the Clerk of the Board of Supervisors of San Mateo County, a good and sufficient bond in the penal sum of $1000, with one or more sureties to be approved by the Chairman of said Board, conditioned upon the due compliance by the said Company with all and singular the terms and conditions upon which the aforesaid privilege is hereby granted.

SECTION V.

This ordinance shall take effect and be in force from and after fifteen days after its passage.

Passed and adopted as an Ordinance of the Board of Supervisors of the County of San Mateo, State of California, this 20th day of March, 1905, by the following vote:

REDWOOD CITY

MENLO PARK

Is now ONE HOUR FROM SAN FRANCISCO, with fourteen daily trains in each direction. On completion of the S. P. CO.'S BAY SHORE CUT-OFF, NOW BUILDING, this time will be materially shortened and in consequence MENLO PARK will be as

CLOSE TO THE CITY AS ANY TRANS-BAY SUBURB

but reached without change of cars and free from danger of the bay fogs.

CLIMATICALLY Menlo Park stands alone. There is no suburb of the City that affords so complete and delightful a change. Warm but never oppressive; free from fogs and protected by the Sierra Morenas from the summer trade winds that sweep the rest of the peninsula throughout half the year.

EDUCATIONALLY it is far and away ahead. With excellent PUBLIC SCHOOLS; a HIGH SCHOOL at Redwood, second to none in the State; the famous LELAND STANFORD JR. UNIVERSITY close by, and numerous well known private schools, including HOFFE'S school for boys and the ACADEMY OF THE SACRED HEART for girls.

THE MAGNIFICENT OAKS

of Menlo are famous, and with the green hills and meadows, lend the district a beauty that recalls the English country. Menlo Park

MUST BE SEEN TO BE APPRECIATED

Please note WE ARE NOT OFFERING YOU A 25-FOOT CITY LOT, but tracts of from 1 1-2 to 5 acres; room enough for flowers and vegetables, for the children to play and grow strong in the pure bracing country air, for a tennis court or croquet ground. Room for a horse or cow. In fact, room to live as Nature intended man to live, and for an outlay no greater than the City lot would cost. This property is

A GILT EDGE INVESTMENT

for it is down the peninsula, where the great tide of suburban travel is now flowing. MENLO PARK is a settled community. Amongst those who have built here are W. J. Adams, Grove Ayres, George Batchelder, Cutler Bonestell, B. A. Barney, S. T. Britten, Burke Corbitt, J. B. Coryell, J. A. Donohoe, John T. Doyle, E. L. Eyre, Perry Eyre, F. W. Eaton, J. L. Flood, Charles N. Felton, R. D. Girvin, Charles Holbrook, E. W. Hopkins, Fred Johnson, A. J. Marcus, Frank Moulton, Leroy Nickel, Theodore Payne, W. H. Roden, A. P. A MYSTERIOUS DEATH.

Polly Locke Was Shot to Death In a San Mateo Saloon.

Polly Locke, whose girlhood was passed at Halfmoon Bay, and where her parents lived for many years leading respectable lives, was shot to death in a room in the rear of M. F. Brown's saloon at San Mateo late Tuesday evening. Jeff Stewart, night watchman on the Crocker estate, from whose pistol the fatal shot was fired, was brought to jail here to await the verdict of the Coroner's jury.

Stewart was in the room with the woman at the time of her death, and claims that she shot herself. Against his story District Attorney Bullock has the statement of the autopsy physicians that the wound which caused death could have been self-inflicted only with great difficulty. The failure to find powder marks on the woman's head is also considered as damaging to Stewart's story of the death.

Some time Tuesday Stewart, who had been drinking with the Locke woman, took her to the room where she was killed. Stewart borrowed the key to the place from Ben Race, until recently a bartender at Brown's saloon. The man told no one of this meeting, and the first that was known of Polly Locke's presence was when Stowart came out about 7 o'clock and said that she had killed herself.

He said the woman acted naturally when they went to the room and gave no intimation of her intention to kill herself. He told officer Sheehan that he laid his revolver on the table and while his back was turned the woman shot herself with it.

An examination by the autopsy physician shows that the bullet entered the head on the left side near the top, ranged downward and passed out on the right side of the neck.

While it may be difficult to explain the absence of powder marks and the peculiar position of the pistol held by the woman, yet those who know her, do not hesitate to state that she met death by her own hand. The woman has resided with her mother and brothers at Mountain View for some years. Her sister, Susie Le Cornec, was adjudged incompetent by the Superior Court of this county some years ago but later was restored to capacity.

Stewart who keenly feels the part he has taken in the affair hails from Colorado and has a wife and child at San Mateo. He has for some time been estranged from his family.

The Coroner's inquest will take place this afternoon.

Miss Lizzie Davis met with a painful accident Wednesday at Redwood City. She was driving a spirited horse that ran away and when near the Capitol Hotel she was thrown out and sustained several bruises about the head. The young lady was taken to Dr. Ross's office where the wounds were treated. Her injuries are not considered serious.

There is to be a heated contest for trustees of Las Lomitas school district on Friday, April 7th, at which time the election takes place. There are two trustees to be elected, F. W. Johnson being a hold-over. J. B. Felix, one of the organizers of the new district, is making a strong canvass for one of the places, as are Mr. Thompson, Lieutenant Harkins and Martin Clarke.

Mrs. Marvin and her daughter, Jessie, visited friends here during the week. This is the first visit here since she left the Stanford stock farm with her husband, Charles Marvin, the famous horseman many years ago. Miss Marvin was then a little girl but she is now a handsome young woman. Mr. and Mrs. Marvin's young son who attended the kindergarten here is a prominent civil engineer of Chicago.

Work on the front wing of Sacred Heart Academy will be commenced during the coming summer. The Vicar-General of Chicago was here last week and made arrangements for the erection of the building. The present buildings are overcrowded, and to make more room for the numerous applicants that will be made next term, the building must be commenced at the end of the present school year.

David Curry, one of the city fathers of Palo Alto, is playing havoc with the slot machines of that town. An ordinance was recently adopted prohibiting slot machines in the college town and as the owners were slow in complying with the law, Curry instructed the marshal to seize the machines and this he did on Thursday. Joseph Larkin resisted the officer and he was arrested and his trial will take place next week. Curry is determined that the slot machine must go and will resort to the strong arm of the law to enforce the ordinance.

The election for a trustee of the Menlo Park school district will take place next Friday. It is to be regretted that Joseph A. Donohoe, the incumbent and whose term expires, declines the position for another term. He has made a painstaking and efficient trustee, always taking a deep interest in the school by giving his time and attention to the duties of trustee. His wise counsel was a great benefit to the board. A. W. Gale is mentioned as Mr. Donohoe's successor. We understand he has consented to be a candidate. No better citizen could be selected. He is a man of family, a property-owner and interested in the welfare of the school and if elected would give the duties of trustee his full attention. Mr. Gale is a highly respectable citizen and would do his full duty if elected.

The cemetery association met last Sunday. Reports of committees were read and proved satisfactory. The committee on tree and shrub planting reported that fifty-four ornamental trees and several hundred shrubs of the best variety in cultivation, had been planted within the last month. It was the sense of the meeting that though much had been done towards beautifying the cemetery during the past year much more must be accomplished before the sacred place is all that Catholics of this and neighboring districts wish it to be. The treasurer's report showed that the subscription fund of 1903 was slowly but steadily decreasing and it was resolved to call for an immediate renewal of subscriptions. The secretary was accordingly instructed to prepare new subscription forms and forward same to the following committees of various districts: Menlo Park—James R. Doyle, Matthew Crow, James T. O'Keefe. Redwood City—E. F. Fitzpatrick, James Crowe, M. Hedge. Mayfield—D. Duggan, J. L. Greer, M. Rafferty. Woodside and Portala—Thomas Kelly, N. Hansen, Mrs. Thomas Shine. Belmont—Eugene O'Niell. TOWN COUNCIL.

Question of Extending the Limit of Saloons Was Laid Over.

The town council was largely attended Monday evening, it being supposed that the ordinance to extend the limit of saloons from twenty-five to twenty-eight would come up for passage. As Chairman Havey who has the deciding vote on the question was absent, the vote on the ordinance was laid over until next Monday night. A petition containing some 200 names was read asking the board to refuse to pass the proposed ordinance. The petition was ordered placed on record.

On motion of Walker seconded by Foley it was ordered that 75 per cent of the purchase price of the pipe recently secured by the town from Frolich & Co. be paid. The meeting was then adjourned.

Death of an Old Resident.

On Sunday, March 26th, after an illness extending over the past several months, Peter Doyle, one of the old residents of Redwood City, passed away at his home, 2867 Folsom street, San Francisco. Mr. Doyle came to Redwood City when a mere youth and grew up with the town. In the early seventies he married Miss Mary E. Rooney of this place and five children, four of whom are still living, were the result of the union. Mr. Doyle was a blacksmith by occupation and followed that business during his residence here and for a while at Jolon, Monterey County. About six years ago he moved with his family to San Francisco. Since the death of his eldest son, Dr. Joseph Doyle, he has not enjoyed the best of health and death came almost in the guise of a friend. The funeral took place Tuesday at 10:15 o'clock from St. Peter's church, San Francisco. The remains were taken to Menlo Park on the 11:30 train and interment was in Holy Cross Cemetery. Mr. Doyle was a native of Melbourne, Australia, and leaves to mourn his loss his loving wife and Stanley, Irene, Omar and Helen Doyle.

The start will be made in the Smith's creek, and the finish will be at the salt beds. The first race is to be between the Juniors and Seniors, and the second contest between the Sophomores and Freshmen. The winners of the two races will then be pitted against each other, the winner to get the trophy. Steam launches will be in readiness at the foot of the deep water road for passengers to follow the race. Those wishing to witness the finish may be transferred from the launch to the salt beds. A charge of 25 cents will be made for this service, and a fifty-cent fare will be charged for those desiring to follow the race in the launches.

Besides the schedule contests there will also be several handicap races.

Nearly all the Stanford students will witness the exciting contests. A large number of the faculty will also be present. Big delegations have been here all the week arranging for the event.

IT IS TROUT SEASON.

Swollen Streams Will Retard Trout Fishing for a Few Weeks.

The trout season opens to-day and anglers that have been anxiously awaiting to use their rod and reels can do so to-day to their heart's content. Owing to the swollen condition of the streams fishing will not be good for a few weeks. However, many disciples of Ike Walton will go to La Honda to-morrow to whip the streams in that vicinity. In a week or ten days there will be good fishing in the Alpine and La Honda creeks, and in the Fitzpatrick creek on this side of the mountain. It is said that trout are quite plentiful at the headwaters of the San Francisquito. All the streams of the county have been well guarded by the fish and game commissioners this year, so that good catches may be looked for. It is learned that there will be excellent fishing in the Pescadero lagoon where large schools of salmon have come in from the ocean.

A Young Couple Wedded.

Miss Cecilia Hedge, the youngest daughter of Mr. and Mrs. Hedge, was united in marriage to Richard Brooks of San Mateo last Tuesday evening at the home of the bride's parents, on Arguello street. The bride was attended by Miss Isabelle Curran and the groom by James Hedge, brother of the bride. Rev. Father Conlan officiated.

After the impressive ceremony the young couple were tendered a reception, after which a delightful wedding breakfast was served, and the young couple left on their wedding trip.

Petition For Order.

Mary Alice Mansfield, through her attorney, Edward F. Fitzpatrick of Redwood City, has filed in the Superior Court a petition for an order and decree to compel Elizabeth H. Melczer, executrix of the estate of William Melczer, deceased, to execute a conveyance of lands made by William Melczer on September 29, 1903. The property was conveyed to Alvin P. Rogers, who, on March 21, 1904, assigned his claim to the petitioner, who now claims that she is willing to pay a balance of $2842, due under the contract, and asks that the real property described be conveyed to her.—San Jose Mercury.

ALL AROUND THE COUNTY

Events of the Week as Recorded by Corps of Special Correspondents.

The Annual School Election Will Be Held in April According to a New Law.

WOODSIDE, March 31.—The month of March is as blustery as ever. The old saying, "March comes in like a lamb and goes out like a lion," will certainly prove true this year.

The annual school election, which has always been held in June, will be held hereafter in April, according to a law passed by the last Legislature. The first election under the change will take place next Friday. N. A. Andreen, whose term expires, has declined another term, and the citizens must look elsewhere for a school trustee. As there are two vacancies in the school this year, the people will no doubt select some man worthy of the office.

Chas. Jenkins, the enterprising clerk for R. O. Tripp, and Wm. Morril, collided in front of the school building. The rigs were not damaged, but Mr. Morril was thrown to the ground and his knee was badly bruised.

Hal A. Hansen has gone to San Francisco to seek his fortune. The young man is equipped with a good education and lots of pluck, so he will doubtless succeed.

Wm. Warren and family, who have resided on the Doyle place for the last year, have moved to Mayfield, where he has secured a good position at the brewery.

The trustees of the school are having some of the front trees removed and the grounds are being put in shape for the coming term.

Arthur Neuman, who has been in Los Angeles for some time, has returned much improved in health and good looks.

John Deahl and family are expected down to spend the summer at the home of his father-in-law, A. W. Jackson.

Thos. Early has gone to Santa Cruz, where he intends to take charge of a mill for Grace of Palo Alto.

A daughter was born to the wife of Aug. Broecker of San Francisco during the week.

The Sign of the Four.

"The Sign of the Four" goes on the program of the Majestic Theater next week commencing Monday night, April 3rd. It is the dramatization of A. Conan Doyle's widely read novel of the same name wherein the character of Sherlock Holmes is the dominating figure. The detective will be presented by that prince of players J. H. Gilmour and the other roles by such clever people as Robert Eliott, Frank MacVicars, other members of A. W. Bishop's incomparable aggregation of players. "The Sign of the Four" is one of the most widely read novels of the day and its characters, though natural, are entirely different from those usually figuring in the drama or fiction. The novel is a masterpiece and its transferance to the stage its interest is enhanced. It is also worthy of note that the Ibsen play of "Rosmersholm" will positively be presented at the special matinee Tuesday, April 4th. It has never been presented here before and will doubtlessly attract Ibsen students as well as those interested in the higher phases of dramatic art.

A Decision Sustained.

Judge Smith of Santa Cruz has handed down a decision in the civil suit of F. W. Bean against Nellie P. Moulton, giving judgment to the defendant and affirming the decision of the lower court. The case was tried before Judge Hannon and was brought to recover the sum of $150 on a contract. Plaintiff was paid $400 on the contract, but alleged there was due him a remaining $150. It was agreed, so he says, that he was to receive $400 for boring an artesian well 200 deep, but if he encountered any hard substance he was to get an extra $10 a day. When the well was sunk 185 feet he encountered the alleged "hard substance," and it took him fifteen days to bore through it. Plaintiff therefore claimed the $150 as per agreement.

Numerous witnesses were examined for plaintiff and defendant as to "the hard substance." Many claimed that the "hard substance" was simply a bed of sand, while others testified that it was hard rock. Judge Smith held that the preponderance of evidence was in favor of the defendant, and rendered his decision accordingly.

Buried at Cypress Lawn.

The remains of Allie Glennan were placed in the last resting place in Cypress Lawn Cemetery on Monday. Quite a number of friends from Redwood City and San Francisco attended the services which were held in the chapel at the cemetery. Rev. F. H. Maar of Oakland spoke a few words of consolation to the family of the deceased and Rev. C. C. Kirtland led in prayer. The interment then took place and on a sunny hillside facing toward the far off Hawaiian Islands where he met his untimely end the mortal part was laid away.

Death of Painter.

Daniel Gannon, a painter by occupation, died at the county hospital last week and was interred in the poor farm cemetery. Gannon was about sixty-seven years of age and formerly resided at South San Francisco where he was well known.

ATLANTA, GA., March 21, 1903.

I suffered for four months with extreme nervousness and lassitude. I had a sinking feeling in my stomach which no medicine seemed to relieve, and losing my appetite I became weak and lost my vitality. In three weeks I lost fourteen poinds of flesh and felt that I must find speedy relief to regain my health. Having heard Wine of Cardui praised by several of my friends, I sent for a bottle and was certainly very pleased with the results. Within three days my appetite returned and my stomach troubled me no more. I could digest my food without difficulty and the nervousness gradually diminished. Nature performed her functions without difficulty and I am once more a happy and well woman.
